

## SCHOOL OF PETROLEUM STUDIES

## SCHOOL OF PETROLEUM STUDIES

**T**he School of Petroleum Studies is a wholly owned subsidiary of the Petroleum Institute of East Africa (PIEA), the professional body for the oil and gas industry in the region.

### Vision

Provider of specialized training for the oil and gas industry in Africa to meet stakeholder expectation and international ideals.

### Mission

To build and sustain human capital competence and excellence in the oil and gas industry for Africa.

### Training Programmes

The School offers specialized oil and gas training programmes at Diploma and Certificate level for post-secondary/high school graduates. The School also runs short certificate skill and competence training programmes for continuous professional development.

### Diploma and Certificate Training

Designed to produce technicians for the oil and gas sector over a period of two to three years.

- Diploma in Petroleum Management
- Diploma in Petroleum Geoscience (Exploration and Production)
- Certificate in Petroleum Geoscience (Exploration and Production)

### Skill and Competence Training

Skill and competence courses that take three to five days and six to twelve months.
